iSMaRT's Online Initiatives

Keeping in mind that the stakeholders of SIBM Pune value a robust online presence, iSMaRT undertakes initiatives to strengthen the online connect with its increasingly digital and tech-savvy audience. Some of these initiatives include:

Achievers' Database

The talented and industrious students of SIBM Pune competed and transcended in numerous Corporate, B-school and Independently-organized Management challenges and competitions. They are also known for excelling at extracurriculars which is supported by the various accolades that are brought home by the students. Each year iSMaRT collects, collates and verifies the achievement data of students for that particular academic year.

The data is collected via online forms throughout the year. It is used by the administration, faculty and the director for multiple uses. This year we received more than **130+ Achievers** entries from both the MBA, MBA (I&E) and MBA (L&S) batches. One of the primary uses of the database is for finalizing the various award winners declared on the Annual Management Day, these awards include best student achiever, outstanding student etc. The data is also used by the administration to participate in various National B-School Surveys.

Partnering with Online and Offline Media

The team believes that it is a reflection of authenticity when SIBM events are covered by credible news organizations. We have long maintained relationships with online news and education portals such as InsidellM, YourStory, Dare2Compete, etc. The increasing number of articles, press releases and creatives carried by such platforms are an indication of the growth and strength of these relationships. When such content is specially featured it helps expand the reach of the institute and connect with a huge audience base in India and abroad. A simple online search for SIBM Pune would lead one to many related articles which add immense value to the brand image of the Institute as they are hosted on completely neutral third-party websites. The team is also in the process of engaging the print medium for coverage of events and news.

Following are some platforms that SIBM Pune has been featured on:

Content Creation

For Social Awareness and Engagement

As the voice of SIBM Pune, iSMaRT engages with the various stakeholders by means of creating and curating content. The team's eclectic mix of talents puts its best foot forward in creating content that ranges from having emotional undertones to having professional business communication. The social media platforms become a conduit of our messaging as we are the minds behind the majority of the posts whether they are videos, digital creatives, photographs and more.

We also execute campaigns that have received praise from academia, alumni, corporates and our students.

Here is a non-exhaustive list of the campaigns, click on the title to view highlights.

- [**Hilltop Homecoming**](#) - To translate the joy of re-returning to the campus post the third wave of COVID, a campaign was organised that urged the students to share images and write-ups focusing on on-campus life. It provided the shutterbugs and wordsmiths of the batch a wonderful platform to showcase their creativity.
- [**Friendship Day**](#) - The B-school journey brings with it the opportunity to network and create friends and stories with them. This campaign served as a medium for the students to celebrate their cherished friendships.
- [**Mental Health Day**](#) - Through this campaign we shared a story that despite its ubiquity is pushed under the rug. It aimed at initiating a conversation about the importance of seeking help and taking care of ourselves.
- [**Valentine's week**](#) - A valentine's week campaign to celebrate something that we instantly fell in love with and has made our journey at SIBM's beautiful campus. This campaign received instant responses from people as they shared their photos alongside the things, people or places that they had caught a liking for on their social media.
- [**Teachers' Day**](#) - We turned the tables and asked our teachers questions about their best memories related to SIBM Pune, their favourite books, movies and more. This led to a very heart-warming exchange and helped the students understand and appreciate our teachers even more.
- [**New Year's Resolutions**](#) - By interacting with the many stakeholders of our institution we distilled conversations about the future with them into new year's resolutions.

PROELIO LAUNCH EVENT

In the month of December which marked the return to offline MBA, iSmart organised a launch event for PROelio 2022. Titled "Squad Games", this one-of-a-kind event was adopted from the very popular Korean series 'Squid Game' where participants had to finish a series of games under a time constraint. The marathon of games saw students from across different hilltop campuses experience an energetic evening that promised to stay etched as amongst the most eventful of days at the beautiful campus. Amidst the pleasant chaos of the immense participation, it was evident that the spark for offline events had been lit and we are proud to have been amongst those who kindled that fire.

The evening crescendoed into the launch of the much-awaited teaser of PROelio 2022 amidst a large gathering.

I had the privilege of interacting with iSMaRT during our batch's 15th year reunion celebration held recently. The team was extremely warm and cordial and were keen to interact and capture the event through their unique lens - both candid and otherwise. They also, very sweetly, made a print out of one of our moments at the end of the day and gave it us as a souvenir. The thoughtful gesture is something we all spoke about and cherished long after the event! Thank you iSMaRT for all that you do! Keep up the great work!
