Dear colleagues,

As you know, Project II on Social Responsibility (1 credit, 50 marks) has been introduced as a 1 credit, 50 marks course for MBA Sem I students. Please go through the detailed instructions attached herewith and the list of students under your guidance. I am also attaching the log sheet for maintaining record of each student's meeting with you.

Quoting Ravi sir's mail below for exact no. of entries to be made in the log sheet:

*Please ensure at least 15 hours of entries for 1 credit.
 For each student there should be a minimum entry of 6 entries that is - the number of internal components prescribed for evaluation. If there is no interaction/query/clarification/meeting - then the student should state so.
 For group project (s) each group should have the minimum number of entries (which is equal to the number of internal components).*

The evaluation plan is given below for your quick reference:

Sr. No.	Components	Date	Marks
1	Finalization of the Project topic in consultation with the Faculty Guide	By 27 th June, 2018 (Wednesday)	-
2	Interim Report Submission	19 th July, 2018 (Thursday)	15
3	Final Report (Part I & Part II in the same document)	21 st August, 2018 (Tuesday)	35

Thanks & regards,

Sonal Shree

PROJECT II- SOCIAL RESPONSIBILITY

Students have been given the following instructions and guidelines:

The project is divided into two parts.

Part I. To identify a social problem in consultation with the faculty guide:

Students must visit NGOs/relevant authorities supporting the chosen cause for this purpose & permission. They are expected to analytically study it, making reasoned arguments to support the acknowledgment of the issue as a social problem with a solution oriented approach. The topics could be wide ranging. Some examples: raising awareness of sustainability and social responsibility, and motivating stakeholders to act on them. E.g. issues affecting traffic personnel; issues like violence in any form irrespective of age, gender, or orientation; issues affecting community; hygiene; waste management; environmental concerns- tree plantation; remedial teaching; sports training; financial literacy; digital literacy, etc.

Part II. Raising public awareness about the social problem/issue:

In this section of the assignment, students are required to typify the problem for others. The purpose is to give them some experience in presenting this information to a larger audience to create awareness through various mediums which are **free of cost** and have **maximum impact**. This campaign must run for at least 1-2 weeks. E.g. through street plays, digital media etc.
