COVID19 Care for the Community

We are in the midst of the COVID-19 pandemic. Most COVID-19 patients do not require hospitalization & can be cared for at home. However, for this to be implemented, the caretaker at home needs to be provided with clear & actionable guidance as regards patient care as well as to prevent & control the spread of COVID-19. Health education & promotion, therefore, are essential to facilitate care in domiciliary settings. A course of 15 hours was prepared and was offered to everyone. Following are the details of the faculties and admin staff of SIBM who participated in the COVID19 Care course.

SYMBITHON 2020

Lockdown forced everyone to stay locked in their houses. Symbiosis is a place where wellbeing of staff is given utmost importance. Keeping this in mind and on occasion of golden jubilee celebration (50th year) a virtual race was organized where participants could run/jog/walk anywhere and anytime of the day/night that suits them. The run/jog/walk could be done locally, within their garden or even on a treadmill so long as the 50 kms distance (as it is the Golden Jubilee year) is covered in 12 days. Participants can run/jog/walk anytime of the day/night from 29th September till 10th October 2020.

SIBM staff participated in it.

[Add to Calendar](#)

From very humble beginnings, Symbiosis has grown leaps and bounds and celebrates its 50 years of glories and achievements this year. As Symbiosis celebrates its Golden Jubilee Year, the World is battling a Pandemic. The prospect of staying at home for a prolonged period of time can seem overwhelming at this time of global pandemic of COVID-19. To be active during this time of global pandemic is more important than ever for our physical and mental health. Therefore, to express gratitude, because we have so much to be thankful for in these 50 years, and to fight the Global Pandemic, the Department of Sports Recreation and Wellness is organising the "Symbithon 2020" The 50 kms Virtual Run/Jog/Walk.
