ADMISSIONS 2023

The Admissions 2023 process of SIBM Pune was successfully conducted by the Aspirant Relations Team under the guidance of the Director of SIBM Pune, Dr. R. Raman. The institute is also known for its innovative and seamless admission process. The admissions process is fair and transparent, providing equal opportunities for all the candidates involved and is designed to assess their overall personality.

The process was conducted for the two programmes offered at SIBM Pune i.e. MBA Flagship and MBA in Innovation and Entrepreneurship. The entire process spanned over a period of 10 days and two windows, i.e., 27th January 2023 to 31st January 2023 and 3rd February 2023 to 7th February 2023.

We are with the aspirants in every step of their journey and thus, to guide them through the last lap, we released a video series called "Journey to Admissions". This is done prior to the admissions process to ensure that the aspirants get an idea of the previous year's GE-PI-WAT process, what to expect and how to prepare for their own process, some information about life at SIBM Pune and what an interviewer expects from the candidate.

This helped the candidates devise the best strategy to ace the GE-PI-WAT process.

Note - Admissions under the IS (International Students) category is held separately, and does not come under the purview of the Aspirant Relations Team.

The GE-PI-WAT process for MBA Flagship consisted of the following stages:

1. Group Assessment:

Group Exercise (MBA):

The group exercise examines one's ability to come to a consensus about a given topic.

This year, candidates were given a problem, 6 solutions and 3 filters. The aim was to select the most viable solution that will pass through all the three filters.

The candidates had to select three solutions first that will pass through the first filter, then come down to two solutions passing through the second filter and then choose the final solution that will pass through the last filter.

The candidates were asked to justify their choices and come to a consensus as a group.

Group Exercise (MBA-Innovation and Entrepreneurship):

The candidates were given a goal along with 2 solutions to reach the goal and negative and positive implications of each solution. The aim is to choose the best solution weighing in the negative and positive implications of each.

The candidates were asked to justify their choices and come to a consensus as a group.

2. Individual Assessment:

a) Written Ability Test

The Written Ability Test evaluates the candidate's creativity, imagination, and clarity.

This year, students had to write an essay on a given topic seeking inspiration from personal experiences and creative visualization but they could not use the "forbidden word" in their essays.

b) Personal Interview

The personal interview aims to assess the candidate's suitability for the institute by evaluating their skills, experience, and personality. The candidate, on the other hand, tries to present themselves in the best possible light and demonstrate why they are a good fit. The interview panels consisted of SIBM Pune's esteemed faculty as well as external panelists who are stalwarts at leading companies.

Gamified Assessments:

This year, SIBM Pune became one of the first B-schools in the country to incorporate gamified assessments in the admissions process in the year 2023. It tested the candidates' multitasking abilities, risk-taking propensity, and their ability to recognize emotions. Gamified Assessments have several benefits over traditional methods, including increased engagement and motivation, improved retention of information, and more accurate measurement of student understanding.

Insights gathered through the reports generated from the assessments were added to the candidates' profiles and helped the panelists in understanding them better. The reports have been collated by a panel who are experts in psychometric benchmarking, content reliability, and cognitive analysis. Thus, the reports are an accurate measure of a student's skill and knowledge along with assessing their soft skills, such as collaboration, problem-solving, and critical thinking abilities. The panelists were amazed by this holistic approach to reviewing a student's candidature.

Shortlisting of the Aspirants:

Aspirants were shortlisted for the GE-PI-WAT process on the basis of their SNAP scores.

This year, more than 5,500 candidates were shortlisted for the GE-PI-WAT process across both courses.

Information outflow:

Shortlisted candidates were informed about the declaration of results via email.

All the candidates had to log in to the SIBM Pune website and had the option to choose their interview date and time based on their preference after filling up the SNAP Common form and uploading the documents containing all the necessary details.

GE-PI-WAT Slots:

The shortlisted candidates had the option to choose from the following dates to appear for their GE-PI-WAT process in online mode on Zoom Platform: 27th, 28th, 29th, 30th, 31st January, 2023, 3rd, 4th, 5th, 6th, and 7th February 2023.

There were two slots for the GE-PI-WAT process on these dates – one slot in the morning and the other in the afternoon.

Morning Slot timings: 07:30 AM to 12:30 PM

Afternoon Slot timings: 12:30 PM to 05:30 PM

The students were allotted a GE-PI-WAT ID number in the following format:

First letter - R (for Regular MBA course) & I (for I&E MBA course)

Second and third letter – Range from 27 to 31 and from 03 to 07 (to indicate the date of the process)

Fourth letter - X or Y (X for Morning slot, Y for Afternoon slot)

Fifth, sixth and seventh letter - The fifth letter used was G indicating group, and the other two letters ranged from 01 to 08 (01 for 1st group, 02 for the second group, and so on)

Eighth and ninth letter - Range from 01 to 08 (indicating position in the group)

Thus, a student who had applied for the regular MBA course, and had booked the morning slot on 6th February, and had been allotted the 6th position in the 4th group, had the following GE-PI-WAT ID number: R06XG0406

Similarly, a student who had applied for the I&E MBA course, and had booked the morning slot on 6th February, and had been allotted the 5th position in the 4th group, had the following GE-PI-WAT ID number: I06XG0405

Arrangements for Specially-Abled Candidates:

Every year, a variety of Diversity & Inclusion initiatives are put into place, all while firmly sticking to the university ideal of "Vasudhaiva Kutumbakam." The Aspirant Relations Team of SIBM Pune ensures that each and every candidate experiences the same joy and excitement of receiving a call letter. Differently abled candidates can hear the voice-recorded call letters by scanning a QR code as well as a constant support was provided to all candidates through the dedicated helpline. All introductory and onboarding videos were translated into Indian Sign Language by an ISL interpreter to help aspirants with hearing disabilities. Closed captions were displayed on the screen to further aid understanding of the videos and any instructions that the admissions team provided during the admissions process. All students of SIBM Pune who volunteered for the admission process were sensitized towards the special needs of differently-abled candidates while being empathetic and respectful towards them. Instruction videos (ISL interpreted) explaining how to handle the online platform were also made available to all aspirants before the admission process started.

Buddy Program:

The Buddy Program 2023 commenced after the release of the list of shortlisted candidates for the GE-PI-WAT process. The primary purpose of the Buddy Program is to provide the requisite support to the shortlisted candidates in their preparation journey to SIBM Pune. The entire batch of first year students, including MBA Flagship and MBA Innovation and Entrepreneurship, had volunteered for the Buddy Program. All the shortlisted candidates were assigned a buddy, who served as the single point of contact to help them clear their doubts and queries regarding the admission process, previous year experiences, expectations, and preparation methods. Each buddy was assigned around 10 to 15 candidates to whom they communicated using their college email ids, with their respective ART SPOC being kept in the loop regarding all communications. Buddies also sent timely mails and reminders of process deadlines to the shortlisted candidates, along with Sizzlers and Silhouettes, which contained the campus experience of the SIBM Pune students and had information about all the student-driven councils and SIGs. Moreover, a brief of renowned corporate competitions in which students excelled last year was also given in these series to guide the aspirants.
