## ADMISSIONS 2021

The Admissions 2021 process of SIBM Pune was conducted by the Aspirant Relations Team under the guidance of the Director of SIBM Pune, Dr. R. Raman and Faculty Coordinator Dr. Deepika Pandita. This was the first time in the history of SIBM Pune that the Admissions process was conducted online. Continuing with its legacy of being the best Admissions process amongst all the B-schools in the country, Admissions 2021 ensured a fair and transparent procedure for all the candidates involved. The process was conducted for all the programmes offered at SIBM Pune.

The entire process spanned over a period of 10 days and two windows which were from **18th – 22nd February 2021** and **24th – 28th February 2021**. In addition, prior to the admission process, a video series called “Journey to Admissions” was made to ensure that the aspirants get an idea of the previous year GEPIWAT process, what to expect and how to prepare for their own process, some information about life at SIBM Pune and what an interviewer expects from

the candidate. This helped the candidates devise a strategy for themselves for the most important day i.e. GEPIWAT process.

**Note - The admissions under the IS (International Students) category are held separately and do not come under the purview of the Aspirant Relations Team.**

The GEPIWAT process for **MBA Flagship** consisted of the following stages:

### **1. Group Assessment**

- a) Group Exercise – Discussion based on the combination of text and images shown to the candidates and they were given a fixed set of points to spend. The candidates were asked to select a combination based on the group consensus.

### **2. Individual Assessment**

- a) Written Ability Test – based on the hypothetical situation
- b) Kickstarter to PI (Pre-PI) – based on actual business scenario
- c) Personal Interview

The GEPIWAT process for **MBA Innovation and Entrepreneurship** consisted of the following stages:

### **1. Group Assessment**

- a) Group Exercise – based on a social problem in the society and candidates were asked to develop an innovative product/strategy to solve the issue.

### **2. Individual Assessment**

- a) Written Ability Test – based on the hypothetical situation
- b) Kickstarter to PI (Pre-PI) – based on actual business scenario
- c) Personal Interview

In addition to the above processes, this year, SIBM Pune included a handwriting analysis, before the slot booking process. This was the first time that any B-school used handwriting

analysis in the Admissions process. However, it was not included in the evaluation process and only served as additional information to the panellists.

### **SHORTLISTING OF THE ASPIRANTS**

- Aspirants were shortlisted for the GEPIWAT process on the basis of their SNAP score.

## **ARRANGEMENTS FOR SPECIALLY-ABLED CANDIDATES**

Adequate measures were taken by the Aspirant Relations Team to ensure that the process flowed smoothly and no inconvenience was caused to the specially-abled candidates. Arrangements were made for those who were differently-abled, be it a locomotor disability, vision impairment, hearing impairment or otherwise. They were contacted before the commencement of the process, to aid them in the process, especially during the group exercise and the written ability test. Since the WAT was conducted online, for those who required assistance, extra time was provided to them as per the guidelines by UGC. Over and above this, it was ensured that the students have an ART SPOC assigned to them, in case of any exigent requirements.

## **BUDDY PROGRAM**

The Buddy Program 2021 commenced after the release of the list of shortlisted candidates for the GE-PI-WAT process. The main purpose of the Buddy Program is to provide the requisite support to the shortlisted candidates in their preparation and journey to SIBM Pune. The entire batch of first years had volunteered for the Buddy Program. All the shortlisted candidates were assigned a buddy, who served as the single point of contact to help them clear their doubts and queries regarding the admission process, previous year experiences, expectations and preparation methods. Each buddy was assigned around 10 to 15 candidates to whom they communicated using their college e-mail ids, with their respective ART SPOC being kept in the loop regarding all communications. Buddies also sent timely mails and reminders of process deadlines to the shortlisted candidates, along with Sizzlers and Silhouettes, which were specially prepared to guide the aspirants.
