BUDGET SYMPOSIUM 2022

The Research and Scholastic Development Team (RSDT) of SIBM Pune organized its annual flagship event 'Budget Symposium' in a virtual format. The event was held on the 6th of February 2022, and the theme for this year's event was "A Booster Shot to Equitable Growth."

The curtain-raiser to the event was an enriching keynote session on the Union Budget by Mr. Subhash Chandra Garg, Economy, Finance and Fiscal Policy Strategist, Former Secretary, Department of Economic Affairs, Ministry of Finance, followed by a Q&A session moderated by Ms. Ritika Jhanji Jagtiani, TV Presenter & Award-Winning Emcee. The second session was graced by Mr. Anil Bokil, Indian Economist, Chairman, Trustee & Founder ArthaKranti Organization, in conversation with Ms. Ritika Jhanji Jagtiani, providing a different perspective to the Union Budget 2022-23

This was followed by an illuminative panel discussion with industry stalwarts, including Qualified Fellow Chartered Accountant Mr. Abhishek Gupta, Founder, Starter's CFO; Dr Anil Kumar, Independent Director, LIC India and Professor, Department of Commerce, SRCC, University of Delhi; Ms. Kanika Pasricha, Economist, Standard Chartered Bank, India; Ms. Mitali Nikore Consultant Economist, World Bank and Founder, Nikore Associates and Ms. Lekha S. The panel was moderated by Ms. Amruta Shedge, journalist and columnist. The experts on the panel expressed their views on topics like health, agriculture, defense and financial markets.

The discussion correctly focused on the benefits and drawbacks of the federal budget and how it sets the tone for the next "25 years" as our Finance Minister had correctly stated. The panel expressed views on the Union Budget 2022 as a clear budget that laid out a blueprint for areas such as infrastructure, digitalization, education and health.

ILLUMO

Getting the insights and sharing knowledge of the industry experts is an essential part of the student's learning. Illumo is an interview series conducted in August 2021 in order to share the alumni's industry experience and knowledge on niche academic topics.

Research and Scholastic Development Team (RSDT) along with the Alumni Team and the Information Systems and Media Relations Team (iSMaRT) of SIBM Pune was delighted to host Mr. Nishant Malhotra, Founder and CEO, The Middle Road and our dear alumnus from the Batch of 2002 and Mr. Arijit Chakrabarti, Associate Vice President, National Head - Strategy and Creative at groupM from the Batch of 2001 as a part of the video interview series - Illumo.

'Sustainable Finance' has emerged as the new buzz word but it has also unfurled new career paths for future corporate leaders. While the interview did revolve around the scope and trends related to Sustainable Finance, by leveraging his experience and knowledge, Mr. Malhotra also explained other topics such as Impact Investing, Green Bond Market Development, Partnership for Action on Green Economy and more.

Mr. Chakrabarti provided us with the opportunity to understand how data science fits into the entire nexus of the corporate world and how an individual can go about learning its fundamentals. By making use of relevant examples and anecdotes he narrated his journey and decluttering the usually obscure path of understanding the power of data science.

ACADEMIC ENDEAVOURS

The new academic year saw various initiatives being taken by RSDT with a heavy focus on overall academic growth of the students.

SPECIALIZATION ORIENTATION SESSIONS

The aim of these sessions was to familiarize the students with the kind of job roles and profiles that are offered in each specialization and the work that is expected out of them. The session was conducted by a highly competent set of students from MBA-II who shared their own invaluable experiences and knowledge with the junior batch. A lot of pertinent queries of the new batch got resolved during these sessions and they were able to choose the correct stream for themselves.

Along with these segments there was a mention of all major economic developments in the Indian economic space over the past one year be it the trade wars, crude oil prices, minimum support prices and most importantly how the global political and economic environment is shaping the Indian economy.
