

7.3.1 SIBMP 2019-2020 Institutional Distinctiveness

SIBM Pune aims to create and nurture the future leaders and also believes in innovation and work force creation in the similar lines we have a program called MBA I & E. Under this program we have a project innovation. The information is mentioned below.

Details of the initiative

SYM-ACCELERATE is introduced at two levels viz. first semester and third semester of MBA(I&E).

First Semester students: One on One mentoring provided by Field experts/ Entrepreneurs to all students in 1st sem. Of MBA IE (2019-21) batch and 3rd semester MBA IE (2018-2020) batch.

The focus of mentoring and assessment during first semester was 'Problem identification in the field of interest and 'Finding out a solution' during second semester. MidSemester and End- Semester assessment was done by a panel of mentors where students presented their progress on the problem they identified and proposed solution.

Objective of the initiative

To facilitate validation of ideas, business model refinement and provide mentoring support to attain the start-up dreams of MBA Innovation & Entrepreneurship students.

Steps taken to implement the process: 1. Connecting to the entrepreneurs, alumni entrepreneurs and discussion with them on initiative. 2. Formal engagement of mentors and allotment of students to mentors was done where students were supposed to meet mentors regularly and work on the feedback. 3. Tracking the student progress during the semester and at the end of semester as well.

For 3rd semester: Mentoring initiative was introduced in 2 days panel presentation format to assess the start-up progress and guide the students for further journey. A gaps were identified after these 2 days panel presentations and accordingly students were given exposure/ training on the needed areas like costing, design thinking, etc.

Challenges faced while implementation: 1. It was difficult for students to get the time of mentors (in few cases) and meet them periodically. 2. Tracking the progress on the feedback given by mentors was also a little difficult for Institute, but the end-semester review was able to put this in place where the learning and work of the students was assessed and why ahead was drafted.

Time taken to implement the initiative

The planning for SYM-ACCELERATE started in July 2017 and it was initiated within 15 days for the first semester students of the batch of 2017-19. For third semester students, the initiative was limited to mid-semester and end-semester assessment and mentoring panels.

Role model:

Inspired by Dr. Hashim S Hussain who heads UNIDO-Baharin's Investment & Technology Promotion Office. Dr. Hashim is start-up evangelist and he conducts entrepreneurship development programmes at various international forums in various countries. I attended his training in June 2017 and during discussions with him, we thought of starting such an initiative which will enable SIBM to build its own ecosystem to nurture start-ups.

The measurable impact and outcome

Both, first semester and third semester students benefited from SYM-ACCELERATE where students were able to fine-tune their innovative ideas. Third semester students were able to refine their solutions, prototypes, connect to mentor network outside SIBM and successfully launch their pilot subsequently.

Distinctive Innovation

This initiative is more learner centric and result- oriented as it directly involves mentor engagement for assessing students' start-up and further support to enable the students to conduct the pilot implementation.

Sustainability & scalability growth plan for the initiative

We continued the initiative for the year 2018-19 and also including digital platforms for monitoring student progress and presenting their ideas. 2. We have also included need-based workshops/ hands-on training for to enable them to develop domain expertise and exposure to new technologies

Leveraging technology to scale up your current initiative

1. All the students in the first semester (Batch 2018-20) are preparing video pitch on their ideas and this video will be played in front of mentors and other students as well to get feedback on content and presentation as well.
2. Further, all the students will be using digital platform to record their weekly progress on their start-up.
3. Also all third semester students will be creating and uploading a video pitch (video explaining their start-up) which will also be presented during SYM-ACCELERATE end semester reviews.
4. All students enrolled for SWAYAM course online to upgrade skills.

Other information about the initiative

SIBM Pune focuses on experiential learning and also focuses on innovative assessment so as to enable the students to apply the learning in their day to day life. For MBA(I&E), In 3rd semester most students reach the advanced stage of their start-up idea. On one side mentoring is provided through SYM-ACCELERATE; other side we have courses on 'Marketing Strategy, Operations Strategy and Finance Strategy and product design in this semester. The final evaluation of these 4 courses is integrated where students are expected to work on Product/service design and prepare a detail B-plan with addressing all 3 strategies. This integrates efforts of the students while they work on their start-ups and also enables them to focus on functional dimensions before they conduct pilot.

Dear All,

Greetings from SIBM P!

At the outset, we would like to thank you for accepting our request to be a panelist for SYM-ACCELERATE 2019.

The Day Plan for Sym-Accelerate will be as follows:

- 9.30 a.m.: Briefing over breakfast for panelists at Director's Conference Room (Ground Floor, SIBM Pune Building)
- 10 a.m. to 1 p.m.: Students' presentations to panels in respective classrooms
- 1 p.m. to 2 p.m.: Networking lunch at Khaana Khajana, SIBM
- 2 p.m. to 5 p.m.: Students' presentations to panels in respective classrooms

This day's schedule may vary for each one of you depending upon the time-slots accepted.

Honorarium and conveyance will be paid as per SIU Rules.

We will share a one-page write-up prepared by each student on his/ her start-up to the panel before the presentation.

Looking forward to meeting all you on 26 August 2019 at 9.30 a.m., at SIBM Pune. For any queries, please feel free to speak to me

Thanks and regards,

Dr. Madhura Bedarkar

Subject: INVITATION - SYM ACCELERATE - Level 1 - 2019

To: <hrthite@gmail.com>

Cc: Yogesh Brahmkar <yogeshbrahmankar@sibmpune.edu.in>

Dear Hemant ji,

Greetings from SIBM Pune!

In regards to the discussions you had with Prof Yogesh on call, we would like to invite you as a panelist for one of our flagship mentoring program that is SYM-ACCELERATE Level - 1 which focuses on Validation of Concept.

SYM-ACCELERATE is an assessment and mentoring platform developed for SIBM MBA (Innovation & Entrepreneurship) students, wherein we nurture their start-up ideas by inviting real-world entrepreneurs for assessment and mentorship. This is for the MBA I&E students of Semester I, where they present B-Plan to a panel of 2 mentors. The mentors, in turn, are expected to give critical feedback and suggestions for improvements. This will enable our students to fine-tune their start-up idea and launch their start-up in near future.

We request your presence as a panelist for SYM-ACCELERATE Level 1 scheduled on 7th and 9th October, 2019 during 9.30 am to 5.30 p.m..

Request you to kindly confirm your availability for the same.

--Thanks and Regards,

Arjun Panchal,

Program Incharge - MBA (I&E), SIBM Pune

Great !! Keep it up !

On Thu, Oct 10, 2019 at 4:31 PM Arjun Panchal <arjunpanchal@sibmpune.edu.in> wrote:

Dear Sir,

Greetings!

Sym Accelerate Level 1 was a SUCCESS. Here is the outcome:

1. Students got very effective feedback from the mentors.
2. Students got to network with mentors who will keep mentoring on or outside the campus in future.
3. Mentors also connected few students to their network to connect to vendors and competitors.
4. More focus was on feasibility of the idea. It's better to know as early as possible to save time, energy and money.
5. Seniors also extended their support and mentored first year students before their final presentation to the panelists. This brought a great synergy in I&E as whole.

Below were the panelists:

Mr Amit Rathor

Founder & Director - I-Gen Consulting Pvt Ltd

Mr Abhijeet Survepatil

Director - X Combat Technologies Pvt Ltd

Mr Devendra Ingal

Founder - Ethos WorkSpace Pvt Ltd

Mr Ashutosh Karnik

CTO - Atcom Infotech Pvt Ltd

Mr Hemant Desai

Founder - Gift Karting

Ms Ritu Kedia

MBA - EDI, Startup Strategist

Mr. Sandeep Bhattacharya

Corporate Trainer
