Workshop Series

CHAI WITH ENTREPRENEUR 2020 : Mr. Rahul Agarwal, Organic Harvest

The first edition for this academic year's 'Chai with Entrepreneur' was organized on the 1st of August 2020.

'Chai with Entrepreneur' is a Guest Lecture Series wherein we invite Seasoned Entrepreneurs to talk about their success stories and also let students have a personalized discussion with them! The event gives an opportunity to the students to understand the personal and professional entrepreneurial journey of entrepreneurs from various domains who have been successful in their ventures.

For this year's inaugural Session, we had the pleasure of hosting Mr. Rahul Agarwal, CEO, Organic Harvest. He shared his insights with the students on multiple avenues related to Startup building and the challenges which come along with it.

The event was also preceded by a "**Branding & Poster Making Competition - Why Organic**" which saw enthusiastic participation from all the students.

The event was structured in a semi-formal interview format where the students got to expand their knowledge by learning more about the personal and entrepreneurial journeys of seasoned entrepreneurs.

CHAI WITH ENTREPRENEUR 2020 : Mr. Vivek Kapoor, DineOut

For this session, we had the pleasure of hosting Mr. Vivek Kapoor, Co-Founder of Dineout. Dineout, acquired by Times Internet Group, is India's largest Platform Restaurant Technology Solutions provider that operates globally in B2B and B2C space.

The interactive discussion ranged from lessons in creating a value proposition for your brand to the importance of agility and adaptability in today's market scenario, and gave the chance to the budding entrepreneurs of SIBM Pune and especially the Innovation and Entrepreneurship batch to gain insights from someone who has been an industry leader and front runner of his domain.

DineOut Consulting Challenge Competition

Prior to the event, SECC also conducted a Case Study competition sponsored by Dineout - 'SECC Consulting DineOut Challenge' wherein the students had the opportunity to work on the below-given Case Study and present their solutions :

'As a Consulting Partner to Dineout, the students were expected to help them weather the present times and come up with a strategy to increase user engagement and bookings in the Post-COVID world. They were also required to build a strategy to help them restore the confidence in the customers, that dining out with Dineout is a safe and reliable experience.'

The competition witnessed great participation from the students and the final round was judged by Mr. Vivek Kapoor himself.

PROGNOSIS 2020

Conceptualized as a new event this year, SECC successfully conducted its Case Study Competition " **PROGNOSIS 2020** ".

The competition was open to all MBA 1 students (Flagship, L&S, I&E) wherein the students participated in Teams of 3 people. The Competition was structurally spread across 3 stages, with each stage being an Elimination Round.

Round 1: Business Awareness and General Knowledge Quiz

Round 2: Executive Summary

The qualified teams were provided with a Case Study along with a specific set of questions that needed to be answered. Their ability to formulate their strategies in a concise yet effective manner was judged in this Executive Summary round.

Round 3: Final Presentation

The Top Performing teams were given the opportunity to present their Case Study Solution to an esteemed panel and get their valuable feedback. This acted as the perfect platform to test their Presentation and Pitching skills which are crucial for any Corporate Competition.

As a part of Consult Assist, students were given the opportunity to solve specific **Consulting Case Studies** with the help of our respected faculties who guided them in the process. In order to familiarize the students with the skills and tips required to crack **Consulting Interviews**, SECC also envisions conducting **Interview Preparatory Sessions** from Consulting professionals which can help the students in tackling the multiple interview rounds involved in the Recruitment process.

One of our primary goals with **Consult Assist** is to build the culture of Consulting-specific preparation and to aid the students for their **Final Placements season**.

In the inaugural year, Consult Assist was planned for the students of MBA-2. Going ahead, SECC plans to introduce the event for MBA-1 students of the Flagship and Leadership & Strategy Batch as well.

CONSULT ASSIST 2020

Management Consulting is one of the most sought-after profiles across all B-schools as it offers one an opportunity to work on a wide breadth of projects ranging across multiple industries and sectors. Under the Consulting Wing of SECC, with the aim of better equipping our students for such roles, SECC introduced the first edition of **Consult Assist – A Consulting Prep Series**

Break Even

Pre-Investment

Additional New R&D expense = \$ 150 million
Worth of a successful drug = \$ 1200 million

Probability of a candidate that cleared Phase II to be a successful drug = 50% * 50% = 45%
Worth of a drug that has cleared Phase II trial = \$ 540 million * 45% = \$ 243 million

Post Investment worth of drug = \$ 540 million * 80% = \$ 432 million

To Break even, the net change in worth should be compensated by the increase in success probability = \$150 / \$ 540 = 28%

Revised Success Probability = (20% * 45%) + 28% = 36%

Revised Probability of Phase II = 50% / 70% = 71%

That implies the Phase II success probability has to improve = 80% - 45% = 35%

To Successfully Breakeven Phase II success probability should double to 80%

Post Investment

Successful marketing and sales

CONSULTING CASEBOOK 2020

In order to better equip the students for the Placement season, SECC introduced the **Consult Assist Casebook** which covered some important frameworks, guesstimates, and case questions that can be useful for developing the strategic approach required for tackling similar **interview questions** in various processes. The Casebook acted as a consulting guide to the students, aiding them in their preparation.

INTERNATIONAL WOMEN'S DAY 2021

The **International Women's Day** (March 8) is a global day celebrating the social, economic, cultural, and political achievements of women. This year, International Women's Day was on the theme **#ChooseToChallenge**, where people across the globe chose to challenge gender bias and inequality and make the world an inclusive space.

With this spirit in mind, SECC held an event on-campus on the occasion of Women's Day. The movement was aimed at being mindful and avoiding any bias that creeps in at workspace and homes. Students chose to **pledge against gender bias and inequality at the workspace, as well as the domestic environment**. The event helped in initiating a dialogue among our students to be more conscious and mindful of the environment they operate in.

PRERNA 10.0 2021

Conceptualized in **2011**, the objective of this event is not only to teach, but to instill a passion in people to learn new things. This year taking into consideration the prevailing social and economic conditions, SECC organized a **diverse range of awareness programs** for different sections of the society.

Every year SECC conducts **Prerna**, the flagship social event of SIBM Pune. This event carries significant importance as it strives to sensitize our young ambitious students towards the environment they operate in. This year's highlight was that, for the first time in 43 years, we were able to reach out to **multiple NGOs situated across various cities** where the events directly engaged active participation, right from young children to the elderly. We successfully conducted 3 sessions under PRERNA 10.0 this year, covering some of the most pressing issues of our society

1. "Wellbeing of Elderly" for Urjo Foundation in Calcutta
2. "Energy Efficiency" for Thinksharp Foundation in Pune
3. "Menstrual Hygiene" for Junoon Foundation in Mumbai

PRERNA 10.0

2021

Through these sessions, we were fortunate to touch multiple lives, spread smiles and create an impact in the society. Creating a culture of **community service and importance of social welfare** among the students, we had a large number of student **volunteers who designed the content**, customized it for the audience and conducted the sessions.

We were humbled by the response from the entire batch and the director's appreciation.

With PRERNA, SECC has always strived to **initiate a dialogue on some important topics** which need cognizance of us all. Under PRERNA 9.0 in 2019, SECC conducted 5 educational seminars on topics such as **Financial Literacy, Fake News Awareness and Government Social Schemes**. SECC also conducts a PRERNA session every year for the **Mess & Housekeeping staff of SIU** at Lavale Campus.
